

EU-MERCI

EU coordinated **ME**thods and procedures based on **Rea**l **Ca**ses for the effective implementation of policies and measures supporting energy efficiency in the **Ind**ustry

WELCOME to the EU-MERCI Webinar C

European Industrial Energy Efficiency Good Practices Platform – EIEEP Platform

14 December 2017

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 693845

EU-MERCI

EU coordinated **ME**thods and procedures based on **Rea**l **Cas**es for the effective implementation of policies and measures supporting energy efficiency in the Industry

- EU-MERCI is a Coordination and Support Action of the EU Horizon 2020 Programme

• Objective of EU-MERCI

- To foster the growth of Energy Efficiency in the European Union industry, through the identification and dissemination of real experiences of Good efficiency Practices
- To share of experiences on the implementation of polices, schemes and mechanisms to support their exploitation

• Project partners

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 693845

Webinar A

Energy efficiency policies
and schemes for Industry

17/02/2017

Webinar B

Energy efficiency implementation in industries:
the EU-MERCI approach to “Good practices”
for multi-sector companies

05/05/2017

Webinar C

“European Industrial Energy Efficiency Good Practices Platform –
EIEEP Platform”

14/12/2017

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 693845

"European Industrial Energy Efficiency Good Practices Platform – EIEEP Platform"

14/12/2017

- Valorized results of the 2 year research conducted during the project's implementation gathered to [the EIEEP platform](#), a comprehensive database of "Good" and "Best" Practices in the field of energy efficiency in the industrial sector, collected throughout Europe.
- Explanation of the selection process of the chosen practices and the way to use the platform.
- Description of scenarios concerning the energy efficiency in the industry sector, as resulted from the project's deepening on the field.
- There will be time for Questions & Answers at the end of the Webinar
- To pose your questions and comments, please use the Chat, identifying the name of the speaker you want to pose the question to and the organization she/he comes from.

Join us!

- EU- MERCI encourages the creation of a Stakeholders Community to follow, validate and provide suggestions to the project
- You are welcome to join our Community by accessing the website www.eumerci.eu or emailing to: info@eumerci.eu

**Do you have
best practice to
share?**

The expected outcomes of this project will be to select of exemplary cases and best

**Join EU-MERCI
stakeholders
community**

The EU-MERCI stakeholders are the technical and non-technical organizations

**Subscribe to
EU-MERCI
newsletter**

If you want to be updated about the project, fill in the following form and you will receive the

**Comparative
report of
industry-
relevant energy
efficiency
policies in
Europe**

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 693845

EU coordinated **ME**thods and procedures based on **Rea**l **C**ases for the effective implementation of policies and measures supporting energy efficiency in the Industry

AGENDA

14.00 -14.15	Introduction – <i>CRES, Efi Mavrou</i>
14:15- 14:30	The EU-MERCI project: results and outcomes so far – <i>RSE, Simone Maggiore</i>
14:30- 15:00	The EIEEP platform – European Industrial Energy Efficiency Good Practices Platform- <i>FIRE, Livio De Chicchis & RSE, Anna Realini</i>
15:00 – 15:15	Scenarios of Energy Efficiency in the industry sector– <i>KAPE, Paweł Snitko</i>
15:15- 15:45	Feedback from the presentation of EIEEP in the Followers countries: SLOVENIA- <i>APE, Franko Nemas</i> BULGARIA- <i>BSERC, Vera Genadieva</i> GREECE- <i>CRES, Efi Mavrou</i> ROMANIA - <i>ENERO, Grig Moldoveanu</i>
15:45 – 16:00	Q&A session

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement N° 693845
